

Mosier School
Grade 2
Online Educational Support & Enrichment

Suggestions:

- It might be helpful to make a schedule for each day so the children have a routine to follow.
- Follow the [Second Grade Daily Activities](#)- if you're looking for alternative or supplemental activities, I have provided some down below.
 - When you're finished with the work packet and looking for more activities-choose one activity from each subject area
- Weather permitting, get some fresh air, while still keeping recommended physical distance from those around you. Mike Gauthier, our gym teacher has prepared some [recommended activities](#).
- Remember to give your children time to play each day.
- Supervise screen time. For guidelines about age-appropriate content, please visit [Common Sense Media](#).
- Embed movement into every day.
- Take advantage of opportunities for teaching your child life skills (folding laundry, following a recipe, etc.).

Grade 2:	Description:
Reading	<p>Starfall: is a tool that provides a great deal of educational content for young children. It uses animation and sound to engage children in the learning process.</p> <p>Storyline Online: is a website that contains stories that are read out loud to students.</p> <p>Ideas for After Reading a Book Ideas for K-2 students to discuss or write about after reading</p> <p>Teachers Books Readers: a collaborative team of educators each shares a book their students love</p> <p>Practice Reading Sight Words: (Gr 2 Sight Words)</p>
Writing	<p>Typing Club is a program through which student can learn touch typing online</p> <p>Type to Learn- Accessed through your clever portal</p> <p>Be An Author Write all different things:</p> <ul style="list-style-type: none"> • A poem • A letter to someone (describe something that happened to you, persuade someone about something that matters to you..) • A grocery list • A personal narrative (Grade 2 Rubric) • Respond to a prompt • Write a different ending to a story you've read • A teaching book about something you know
Math	<p>Imagine Learning -Math Facts- Accessed through your Clever Portal</p> <p>Practice 2nd Grade Math Skills -facts, counting money and telling time!</p> <p>DreamBox: is an online, high quality mathematical program that differentiates instruction for each student using it. (Currently</p>

	<p>offering a free 90 day subscription for parents setting up new accounts.)</p> <p>Bedtime Math: Each activity includes an interesting nonfiction article or human interest story around a topic historically elementary students find interesting. These stories are usually written at a high reading level so parents should expect to read these stories with their children.</p> <p>Then there are math questions to go with the story. These questions are written at three- sometimes four different levels. (Little kids: these questions are usually 1st grade -2nd grades)</p> <p>Khan Academy Kids: is a free online education program for children ages 2 - 7. It is age-appropriate and personalized for each individual learner.</p> <p>Videos and Review: From some of the math concepts we have learned this year!</p>
