Summer Reading 2019

Studies have shown that reading over the summer helps students retain skills. Reading can be a part of the summer relaxation and fun that we all enjoy. This summer we encourage you to read any two “just right” books. You can choose from our suggested reading list of titles and authors, or you can choose two books on your own. Enjoy your summer with reading that inspires, engages, or delights you!

How Do Readers Choose Books?

Readers make good book choices using a variety of methods. Please refer to the chart below to help you choose a good book to read this summer.
